

# VISHESH VISHWAKARMA

## Web Developer

Naigaon, Vasai-Virar, Maharashtra, India  
[vishesh.learn@gmail.com](mailto:vishesh.learn@gmail.com) | +91776 880 1141  
GitHub: <https://github.com/vishesh-learn>

## PROFESSIONAL SUMMARY

Web Developer with hands-on experience building, customizing, and deploying production web applications for real clients. Skilled in JavaScript, React, Node.js, MongoDB, Wix Velo, and WordPress, with strong experience delivering feature-rich, scalable solutions. Comfortable translating client requirements into clean, maintainable code across the full development lifecycle.

## SKILLS

- **Frontend:**
  - HTML, CSS, JavaScript
  - React, Redux
  - Bootstrap, jQuery
- **Backend:**
  - Node.js, Express
  - PHP
- **Database:**
  - MongoDB, Mongoose
  - MySQL
- **CMS & Platforms:**
  - Wix (Editor, Studio, Velo)
  - WordPress
- **Tools & Deployment:**
  - GitHub
  - Visual Studio Code
  - Android Studio
  - Vercel, Netlify, GitHub Pages
  - Google Play Console (Android)
  - App Store Connect (iOS)
- **Additional Programming Languages:**
  - C, C++, Java, Python
- **Languages:**
  - English, Hindi

## WORK HISTORY

**Junior Web Developer** | Bluehance360 LLP - Mumbai, Maharashtra

**March 2023 - Present**

- Developed and maintained client-facing web applications using Wix Velo, JavaScript, and custom backend logic in a production environment.
- Built and customized dynamic features including product pages, search functionality, calculators, and form-based workflows.
- Integrated third-party APIs, authentication mechanisms, and interactive functionality based on project requirements.
- Worked directly with clients to understand requirements and translate them into scalable, maintainable solutions.
- Improved code readability, reusability, and maintainability by modularizing logic and simplifying debugging.
- Contributed to full-stack development efforts, supporting clean UI implementation and backend logic.
- Assisted in debugging, performance optimization, and overall application stability.

**Web Developer** | Mitr Learning & Media Pvt. Ltd. - Mumbai, Maharashtra

**May 2021 - March 2023**

- Gained hands-on exposure to corporate work culture, including professional communication, formal reporting, and structured workflows.
- Worked on production web applications, assisting with content integration, configuration, and customization using templates and GUI-based tools.
- Performed minor HTML and JavaScript updates, and occasionally modified existing React.js components.
- Customized application behavior and content by editing JSON configuration files.
- Collaborated with team members using task lists, timelines, and progress reporting to meet delivery deadlines.
- Learned to follow work prioritization, time management, and reporting standards in a professional development environment.

## PROJECTS

- **DotBox**

### Custom Web and Android App

A digital version of the classic paper-and-pencil game *Dots and Boxes*, built using **pure JavaScript, HTML, and CSS**, with **SVG** for graphics and animations. This project showcases my skills in front-end development and game logic implementation.

Website: <https://dotbox-web-visheshlearns-projects.vercel.app>

Android App: <https://play.google.com/store/apps/details?id=com.vishesh.dotbox>

- **Immogy**

### Real Estate Website (Wix)

A custom-built real estate platform designed to showcase property listings, allowing clients to explore various properties with a user-friendly interface.

Website: <https://www.immogy.be/>

- **Keksi**

### Custom E-Commerce Product Page (Wix)

Designed and implemented a custom product page for a premium bakery, enhancing the shopping experience for customers purchasing specialty products.

Product Page: <https://www.keksi.com/product-page/box-of-6-1>

- **Typeify**

### Typing Speed Test + Custom App (Wix)

Developed an interactive typing speed test tool with custom app integration to provide users with real-time performance metrics.

Typing Test: <https://www.typeify.co.uk/professional-speed-test>

- **Seco**

### Search and Custom Product Page (Wix)

Built a **searchable product catalog** for precision tools, enabling users to efficiently find and explore technical products.

Product Search: <https://www.secoprecision.com/search-products?data=pipe>

- **The Charter Yacht Company**

### Yacht Search & E-Brochure with API Integration (Wix)

Developed a **yacht search tool** and integrated an **e-brochure feature** with API connectivity to streamline the yacht charter selection process.

Explore Yachts: <https://www.thecharteryachtcompany.com/search-yacht-options>

- **Wildsparq**

- Online Leadership Development for Managers (WordPress)**

- Developed key features for an online leadership training platform that helps organizations build strong leaders through structured, interactive learning experiences. Implemented tools for **assessing leadership health, measuring employee engagement, and benchmarking leadership culture.**

- Calculate Employee Disengagement: <https://www.wildsparq.com/employee-disengagement-calculator>

- Know Your Organizational Leadership Health: <https://www.wildsparq.com/know-your-organizational-leadership-health>

- Leadership and Culture Benchmark Assessment: <https://www.wildsparq.com/leadership-and-culture-benchmark-assessment>

## **EDUCATION**

Xavier's High School - Maharashtra, India - **Secondary School Certificate**

Girija Mhatre Junior College - Maharashtra, India - **Higher Secondary School Certificate**
